Introductory

In presenting this Volume, the third annual edition of the Brandon City Directory, the assurance is offered that the work is equal in every respect to any work of its character, not excepting the largest metropolitan directories; for this directory possesses all the features of the largest directories that are regarded as meritorious.

The Brandon Directory has had the advantage of a large force of trained, competent and experienced directory men, and every facility was provided and maintained for making the work a model of completeness and accuracy, and it is confidently believed that the 1909 edition will prove the peer of any of its predecessors.

The City Directory is a matter of great importance to the community, for it clearly portrays the city and its people and institutions, and the growth and progress as no other work can. Every individual is interested and represented in it, and it is a matter of vital importance that they be accurately represented.

One of the useful features of a directory is its annual round-up and presentation of the progress of the city. It is an important matter to every individual, merchant, manufacturer and everyone interested in the welfare of the city to learn something of its progress during the year, and the data set forth in the Directory is like the merchants' trial balance. The Government realizes this, for it spends millions of dollars at regularly stated periods to gather the information that is furnished by directory publishers. It is highly pleasing to the publishers of this volume to point to the evident growth and prosperity that are apparent in every locality, even to the casual observer.

The publishers are glad to express their thanks for the courtesies extended to their employees and for the liberal patronage bestowed upon the work.

Respectfully,

HENDERSON DIRECTORIES, LIMITED,

Publishers.

BRANDON FIRE DEPARTMENT

Headquarters Princess Ave. cor. 7th Street.

Chief, John Melhuish.

Captain, C. Hill.

The department consists of nine permanent (fully paid) firemen and twenty volunteer call men.

The equipment consists of one steamer, 2 chemicals, 2 hose wagons, one hose reel, one aerial ladder, one hook and ladder wagon and 10 horses.

There are 106 fire hydrants distributed throughout the city. The fire pressure from the waterworks pumping station is 140 pounds with a total pump capacity of $3\frac{1}{2}$ million gallons in 24 hours. It is a direct pumping system, there being no reservoir or stand pipe. The electric fire alarm system has 31 boxes.

CITY WATERWORKS.

The waterworks pumping station is situated at the corner of 26th Street and McDonald Ave. and north of the C. P. R. track. It is $1\frac{1}{4}$ miles west from the City Hall.

Superintendent and Chief Engineer—A. W. Shaw; assistant engineers, John W. Anderson and Thomas McPhail.

The supply is taken from filter gallery and the Assiniboine River with a 40-inch intake to the pumping station which is 1000 feet south of the river. The system is what is known as direct pumping, there being no reservoir or stand pipe. The plant consists of one two million gallon D'Auria high duty pump, two 1,200,000 gallon Worthington pumps, four 500,000 gallon pressure filters, operated by four 75 horse power boilers.

The engine room is 36x44 feet, filter room 36x44 feet, and the boiler room 30x44 feet. There are 1100 domestic services of which 400 are on meter, and 93 fire hydrants. A domestic pressure is maintained at 85 pounds, while for fire purposes the pressure is raised to 140 pounds at the station. The total capacity of the pumping plant is $3\frac{1}{2}$ million gallons for 24 hours.

PUBLIC WORKS AND IMPROVEMENTS.

The city has 17.85 miles of water mains, 15.17 miles of sewers, 30 miles of granolithic sidewalks, and 18 miles of graded street. Permanent steel and concrete bridges are constructed over the river at First and Eighteenth Streets.

SET UP BY PERRY WIMSON.
LATER EMPLOYED BY
BRANDON SWM.

SYSTEM OF NUMBERING HOUSES.

The system of house numbering adopted by the City of Brandon is the Philadelphia or Decimal system. By this system an even hundred numbers are allotted to each block and the principal advantage of the system is that the number indicates how many blocks distant it is from any given point on the street or avenue.

On the avenues which run east and west a number is allotted to every twelve feet, and on streets which run north and south a number is allotted to every fifteen feet.

Odd numbers are located on the east and north sides, and even numbers on the south and west sides.

The affix "east" is used to indicate avenues that number eastward from First Street and the affix "north" is used to indicate streets that number northward from Pacific Avenue.

Pacific Avenue is taken as the basis for all streets running south starting at number 1 and going southward 100 to the block to the southern limits of the City.

Assiniboine Avenue is the basis for all streets running northward starting at number 1 going northward 100 to block to the northern limits of the City.

First Street is the basis and dividing line for all avenues which run east and west. Starting at 100 and going westward 100 to the block to the western limits of the City, and again starting at number 1 and going eastward 100 to the block to the eastern limits of the City.

Rosser Avenue and all avenues running westward from First Street are intersected as follows:

Number.

- 100 First Street.
- 200 Second Street.
- 300 Third Street.
- 400 Fourth Street.
- 500 Fifth Street.
- 600 Sixth Street.
- 700 Seventh Street.
- 800 Eighth Street.
- 900 Ninth Street.
- 1000 Tenth Street.
- 1100 Eleventh Street.
- 1200 Twelfth Street.
- 1300 Thirteenth Street.
- 1400 Fourteenth Street.
- 1500 Fifteenth Street.
- 1600 Sixteenth Street.
- 1700 Seventeenth Street.
- 1800 Eighteenth Street and so on to Thirty-fourth Street and western boundary of the City,

Rosser Ave. East and all avenues running eastward from First Street are intersected as follows:

Number

- 1 First Street.
- 100 Dennis Street.
- 200 Russell Street.
- 300 Frederick Street.
- 400 Park Street.
- 500 Rideau Street.
- 600 Franklin Street.
- 700 Percy Street.
- 800 Douglas Street.
- 900 Tenth Street.
- 1000 Eleventh Street and so on to Seventeenth St. and eastern boundary of the City.

First Street is a basis for all streets running southward from Pacific Ave. west of First St. which are intersected as follows:

Number

- 1 Pacific Avenue.
- 100 Rosser Avenue.
- 200 Princess Avenue.
- 300 Lorne Avenue.
- 400 Louise Avenue.
- 500 Victoria Avenue.
- 600 McTavish Avenue.
- 700 Van Horne Avenue.
- 800 College Avenue.
- 900 Park Avenue.
- 1000 Southern Avenue.
- 1100 Brandon Avenue.
- 1200 Hill Avenue.
- 1300 Queen Avenue.
- 1400 Brock Avenue
- 1500 Richmond Ave. the southern boundary of the City.

East of First Street are intersected as follows:

- 1 Pacific Avenue.
- 100 Rosser Avenue.
- 200 Pacific Avenue.
- 300 Lorne Ave.
- 400 Louise Avenue.
- 500 Victoria Avenue.
- 600 McTavish Avenue.
- 700 Van Horne Avenue.
- 800 College Avenue.
- 900 Park Avenue.
- 1000 Hawthorne Avenue.
- 1100 Madison Avenue.
- 1200 Lexington Avenue.
- 1300 Clark Avenue.
- 1400 Spadina Avenue.
- 1500 Wellington Ave., the southern boundary of the City.

TRANSPORTATION FACILITIES.

The Canadian Pacific, Canadian Northern and Great Northern Railways are in operation to and from the City, and the construction of the G. T. P. into the City and on to Regina will be commenced in the spring. The Great Northern will extend its system north, east and west from Brandon in the immediate future. The construction of the Hudson's Bay Railway will make Brandon the assembling point for all the produce of Western and Southern Manitoba together with the eastern portion of Saskatchewan to be shipped to the world's market, and the distributing point for all imports.

Brandon is the second divisional point on the C. P. R. system west of the Manitoba boundary in the very heart of the Province. The resident superintendent of the Company has supervision over 589 miles of road. Owing to the immense increase in traffic to and from the city, the Company found it necessary to cut the original division in

two and to increase the round house accommodation from twenty to twenty-six stalls. A repair shop has also been added to the Company's plant. Increased passenger accommodation has been found necessary and provision will be made for such in the near future.

The Canadian Northern Railway Company is now operating its new main line from Port Arthur to Regina via Brandon, a fast through passenger service over its short line will be inaugurated in the spring. Plans have been prepared for a commodious new depot and freight sheds. A new round house is now in operation and the Company has under consideration the erection of a large hotel on its premises adjoining the City Hall for the comfort and convenience of its patrons. The Company realizes that Brandon is one of its most important divisions.

The Great Northern terminal from St. Paul is located in the business centre of the City. Its handsome passenger depot facing and extending across 12th Street close to Rosser Avenue, substantial brick freight sheds and offices have been erected by the Company adjacent to its passenger depot. The Company finds it necessary to make still further provision for the increasing traffic. It is also an applicant for a charter to extend its system east and west from Brandon. Its present charter extends north to Pas Mission.

The C. P. R. connections are as follows: Main line east and west
 Rapid City (Minnedosa section) (via Chater 6 miles east) 46 miles
 Connecting with Lenore branch (via Forrest 16 m. north) 41 miles
 Varcoe branch (via Varcoe 24 miles north) 55 miles
 Miniota branch (via Gautier Jct., 33 miles north) 43 miles
 Pheasant Hills branch (via Kirkella 71 miles west) 200 miles
 Estevan section (via Kemnay 8 miles west) 156 miles
 Connecting with Souris sec., (via Souris 25m. south) 149 miles
 Connecting with Arcola sec., (via Schwitzer Jct. 32 miles
 south 95 miles
 Connecting with Napinka branch (to Deloraine) via Na-
 pinka 59 miles south 19 miles

The Canadian Northern Railway will erect new terminals shortly and increase their accommodation. Their connections with Brandon are as follows:

Short line from Portage la Prairie to Winnipeg 134 miles
 Connecting via Brandon Jct. 17½ miles for Carberry,
 Neepawa, Dauphin and points north and west, and at
 Portage la Prairie with the main line
 Wawanese sec. southeast to Hartney Jct. (Belmont) 40 miles
 Connecting with Hartney sec. running west to Virden 91 miles
 Carman section east to Winnipeg 118 miles
 Miami section (from Somerset) east to Morris 62 miles
 Wakopa section (from Greenway) south to Adelpha 52 miles

The C. N. R. is now connected with Regina and intermediate points.

 Annual Exhibition is held about last week in July or immediately following the Winnipeg Exhibition.

BRANDON EXPERIMENTAL FARM.

The Experimental Farm is situated $2\frac{1}{2}$ miles west of the city and comprises 700 acres principally in the valley of the Assiniboine River, also includes 280 acres of upland giving a variety of soil and exposure.

It was established 1888 under the superintendence of Mr. S. A. Bedford for the purpose of testing all the varieties of grain, fodder, crops, fruit and forest trees. Feeding experiments are also conducted with cattle, swine, poultry, etc.

The farm is open for the general public to visit. About 10,000 persons on an average visit the farm annually, principally during mid-summer when the crops are looking the best.

Don't Lend Your DIRECTORY!

The patrons of our Directory are frequently inconvenienced by

BORROWERS;

not the stranger or private citizen, who steps in, looks at the Directory, gets his information, and goes out; but by business men, who continually need it for reference, yet are TOO MEAN to buy one. These are the men who carry off your Directory "just for a few minutes," which generally means a few days or weeks unless you send for it before.

These same borrowers tell our Canvassers that they have no use for a Directory.

A piece of printed matter without personality is like a man with a diseased brain.

It can't convince.

The only way to obtain "personality printing" is to employ a printer whose service is made up just as much of brains as of technical ability.

There are only one or two printers in the country that can combine these two elements. Among them

Henderson Brothers of Winnipeg

stand in a class by themselves because they have the artisans and the experience; in fact they are turning out the most splendid sort of literature every day.

They are anxious to get in touch with large advertising and manufacturing interests, with a view to explaining this service. Phone 7224 or 7225 and our representative will call. 279 Garry St. P.O. Box 39, Winnipeg, Man.

Don't Lend Your DIRECTORY!

The patrons of our Directory are frequently inconvenienced by

BORROWERS;

not the stranger or private citizen, who steps in, looks at the Directory, gets his information, and goes out; but by business men, who continually need it for reference, yet are TOO MEAN to buy one. These are the men who carry off your Directory "just for a few minutes," which generally means a few days or weeks unless you send for it before.

These same borrowers tell our Canvassers that they have no use for a Directory.

A piece of printed matter without personality is like a man with a diseased brain.

It can't convince.

The only way to obtain "personality printing" is to employ a printer whose service is made up just as much of brains as of technical ability.

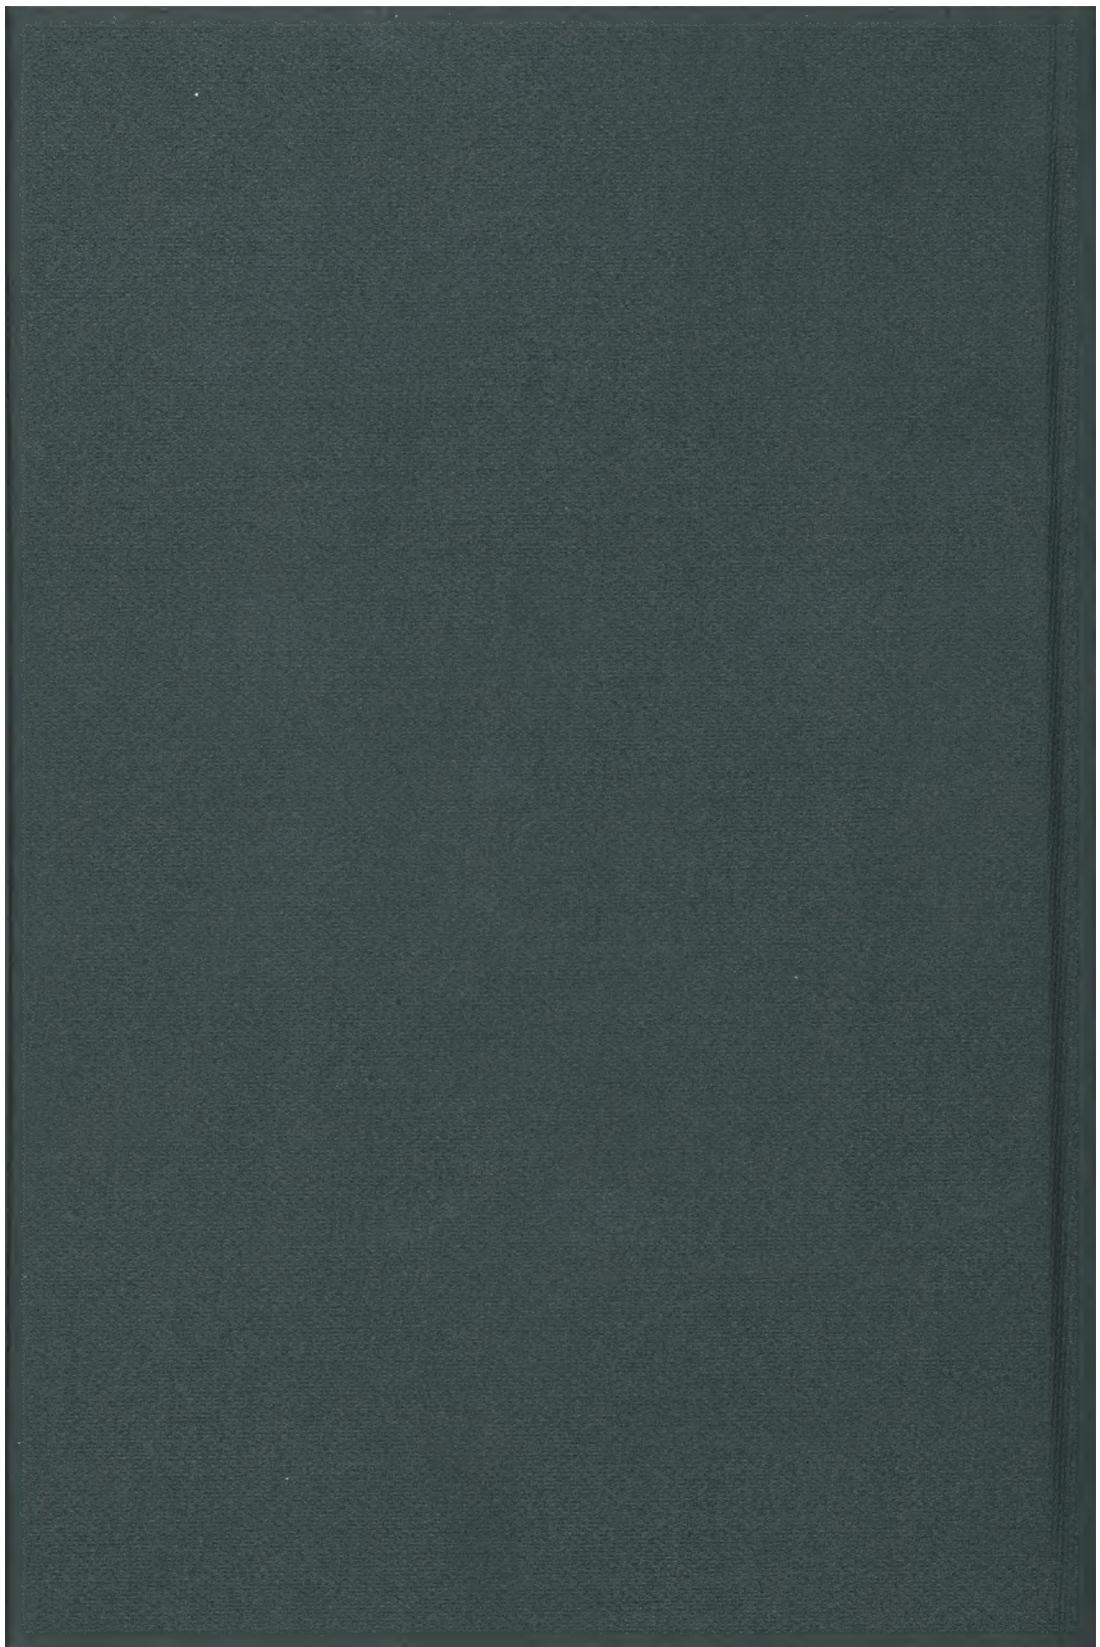

There are only one or two printers in the country that can combine these two elements. Among them

Henderson Brothers of Winnipeg

stand in a class by themselves because they have the artisans and the experience; in fact they are turning out the most splendid sort of literature every day.

They are anxious to get in touch with large advertising and manufacturing interests, with a view to explaining this service. Phone 7224 or 7225 and our representative will call. 279 Garry St. P.O. Box 39, Winnipeg, Man.

410

MOST advertising agents whose main argument is service, give their clients full measure, except in one respect.

THIS is the preparation of printed things, such as booklets and catalogs. The agent either ignores this phase of the matter entirely, or turns out for his client mediocre stuff.

TAKE advantage of the experience of

Henderson Brothers of Winnipeg

LET them explain by interview or correspondence what great benefits their service affords at 279 Garry Street, Telephones 7224 and 7225, P.O. Box 39
